WELCOME TO THE NEIGHBOURHOOD

Barrio North combines the spirit of community and collaboration with street culture from the 'ghetto archipelago'. Taking in the vibe from London to New York, Miami to Mexico, Rio to Havana, Lisbon to Barcelona and any other city where music, art and culture meld in their own unique way.

Barrio North's neighbourhood is inclusive of anyone with similar mind set rather than geographic locality. A love of music in all its worldly genres, an appreciation of upcoming musicians, artists and urban poets, combined with an appetite for drinks sourced from all corners and served how they should be — you're in **Barrio's hood!**

Barrio Central – Our brother from another borough!
We're also located in the heart of Soho.
Pop in if you're in the neighbourhood!

WHAT'S THE 411?

SOME WORDS ON WHAT WE DO BEST...

Whatever your poison, potion or plunder, we've got all the ingredients to mix up and fix up your favourite concoction just the way you like it. But may we make a suggestion or two?

Over the following pages you'll enjoy a journey through the world according to Barrio North, where drinks aren't divided by classic or contemporary, rather by which region they originate from or are inspired by. A menu brimming with original creations and treasured recipes that are the fruits of our labour, pleasant accidents and moments of clarity and madness!

We keep the old guard happy with a few traditional libations and twisted classics too. And be rest assured that we take great care in the way we make them. Our citrus is juiced daily, our fresh herbs are hand picked lovingly and nothing is from concentrate.

Feel free to ask the help of one of our trusted tour guides from behind the bar; they're well travelled in these regions – now go explore and enjoy!
